Damage Report Following the Earthquake and Tsunami
Along the Pacific Coast of the Tohoku Region

Mitsui Fudosan Co., Ltd. is currently investigating the extent of damage to its facilities caused by the earthquake and tsunami of March 11, 2011. The Company established an emergency response headquarters immediately after the cataclysm struck and started the investigation.

Please refer to the following list for changes in the operating schedules of Mitsui Fudosan's various retail facilities. Those retail facilities not listed will operate as usual.

The operating schedules may change further depending on the impact of the aftershocks and other pending dangers. We plan to use the websites of each respective retail facility to post updated information on operating schedules going forward. We request that customers confirm this information by checking these websites.
