Summary of 3Q, FY2024 Financial Results: Notes to Consolidated Financial Statements

# **Contingent Liabilities**

In response to concerns regarding the faulty installation of foundation piles at a condominium complex located in Yokohama and sold by Mitsui Fudosan Residential Co., Ltd., a consolidated subsidiary of Mitsui Fudosan, the company received a report confirming that a portion of the piling used in construction failed to reach the necessary depth and required bearing layer from Sumitomo Mitsui Construction Co., Ltd., the building contractor, on April 11, 2016. Furthermore, Mitsui Fudosan Residential received a notice from the City of Yokohama that the subject condominium complex violated the Building Standards Law and a request that the company take all responsible measures to address and correct the situation in line with discussions with condominium owners on August 26, 2016.

In outlining its stance toward corrective measures including the reconstruction of the condominium complex impacted by faulty installation as well as compensation, Mitsui Fudosan Residential executed an agreement with the condominium association on May 8, 2016, confirming that the company would shoulder all expenses. Later, on September 19, 2016, the condominium association resolved that it would seek the complete reconstruction of the entire condominium complex in accordance with the Act on Building Unit Ownership, etc. This reconstruction was completed on February 25, 2021.

According to the report issued by Sumitomo Mitsui Construction, which noted that construction records had been diverted and modified in connection with the installation of foundation piles and that certain foundation piles failed to reach the necessary depth and required bearing layer, the condominium complex was deemed to be in violation of the Building Standards Law. As a result, and in accordance with the aforementioned agreement, Mitsui Fudosan Residential has decided to seek damages including reconstruction costs as well as expenses relating to the temporary housing of residents during the period of construction under such remedies as tort liability and warranties against defects from Sumitomo Mitsui Construction, as well as Hitachi High-Technologies Corporation and Asahi Kasei Construction Materials Corporation, who installed the foundation piles. On November 28, 2017, Mitsui Fudosan Residential filed a lawsuit against the above three companies for damages in accordance with this reimbursement policy. The amount claimed is approximately ¥50.5 billion as of the end of the third quarter of the fiscal year under review. Meanwhile, the amount of expenses incurred provisionally paid by Mitsui Fudosan Residential up to the third quarter of the fiscal year under review has been posted under current assets on the Company's consolidated balance sheet.

Depending on the flow of future events, any incidence of expenditure may impact the consolidated results of the Mitsui Fudosan Group. At this stage, however, the Company is unable to provide a reasonable estimate of any such impact.

# **Change in Accounting Policies**

(Application of Accounting Standard for Current Income Taxes )

Mitsui Fudosan has applied the "Accounting Standard for Current Income Taxes" (Accounting Standards Board of Japan ("ASBJ") Standard No. 27, October 28, 2022; the "Revised Accounting Standard of 2022") effective from the beginning of the first quarter of the fiscal year ending March 31, 2025.

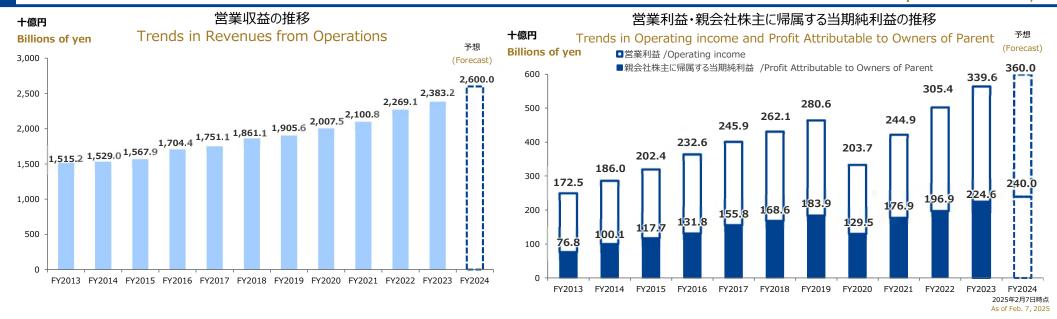

Revisions to categories for recording Corporate Taxes, etc. (taxation on other comprehensive income) conform to the transitional treatment outlined in the provision of Paragraph 20-3 of the Revised Accounting Standard of 2022 and "Guidance on Accounting Standard for Tax Effect Accounting" (ASBJ Guidance No. 28, October 28, 2022; the "Revised Application Guidance of 2022") Paragraph 65-2. Meanwhile, there is no impact on the Company's quarterly consolidated financial statements resulting from the change in accounting policies. Moreover, as far as the revision regarding the review of treatment in consolidated financial statements when the Company defers for tax purposes the profit or loss resulting from the sale of subsidiary shares between consolidated companies, Mitsui Fudosan has applied the Revised Accounting Standard of 2022 from the beginning of the first quarter of the fiscal year ending March 31, 2025. The change in accounting policy has been applied retroactively, and this retroactive application extends to the financial statements of the previous quarterly period and the previous consolidated fiscal year. There is no impact on the quarterly consolidated financial statements or the consolidated financial statements of the previous fiscal year due to the change in accounting policy.

# Adoption of Specific Accounting Policies for the Quarterly Consolidated Financial Statements

Tax expenses are calculated by multiplying income before income taxes by a reasonably estimated effect tax rate for the consolidated fiscal year that includes the third quarter under review, after reasonably estimated the effective tax rate following the application of tax effect accounting to income before income taxes.
