5. Initiatives to Enhance Convenience

Enhanced transport network (bus terminal, bus routes newly established)

A bus terminal for local buses to arrive and depart will be newly established within the facility. New and additional bus routes (four routes) are planned to connect the main bases of JR Hakata Station, Nishitetsu Ohashi Station, JR Takeshita Station and Fukuoka Airport.

The new bus terminal and bus routes will enhance transportation access from all directions, including the surrounding area as well as for railroad and airport users.

Introduction of Charichari bicycle sharing

A Charichari bicycle sharing port will be set up within the facility for the purposes of considering the traffic environment and improving movement in the surrounding area. Charichari is a bicycle sharing service that anybody can easily use anytime.

Initiatives to support child-raising generations

This facility will proactively engage in providing high-quality education through the likes of KidZania Fukuoka, the FUKUOKA TOY MUSEUM, MIFA SOCCER SCHOOL and Fukuoka SoftBank HAWKS Honeys Dance Academy for Kids, and aims to be an outstanding retail facility for child-raising generations.

<Examples of Initiatives>

· Peace of mind for changing diapers and feeding

Restrooms that can accommodate strollers, feeding rooms, and diaper-changing spaces will be available.

·Relaxed meals with children

Food courts with kids' areas will enable parents to enjoy eating without worrying about troubling others.

Holding events for the whole family

A range of events that families can enjoy together will be held.

·Lots of places for kids to play

There will be lots of spaces for children to play, such as Oval Park with its play equipment and popjet fountain; Sports Park's artificial turf area where people can exercise, lie down or spend time as they wish; and Kids' Park adjoining the food court and restaurant zone.

Introduction of OiTr, a service providing free sanitary pads

The facility will introduce the OiTr service, which keeps women's restrooms in approximately 110 places stocked with free sanitary pads. This service can be used to alleviate the various burdens that accompany customers' menstruation and enable more enjoyable use of the facility with peace of mind.

* Limits may apply at some facilities in conjunction with operating conditions as a measure against spreading infection.

This facility is forecast to newly employ over 3,000 people at the time of opening. It aims to realize comfortable workplace environments and raise employee satisfaction.

Well-equipped employee lounges

Employee lounges will be set up in seven locations in the building: one each on 1F, 2F and 4F and four on 3F.

Meticulous attention has been paid to function and design to ensure employees can rest soundly, and there is also a convenience store for employees that can be easily used.

In addition, partitions will be set up as one of the measures against spreading COVID-19.

• Functions for employees

Partitioned counter seats, sofa area for napping, free Wi-Fi, power outlets to charge mobile phones or PCs, changing rooms, wash basin for brushing teeth, smoking room, meeting booths, employee convenience store, etc.
