**Mitsui Fudosan Selected as a Supplier Engagement Leader,
the Highest Ranking in the CDP2022 Supplier Engagement Rating,
for the Second Consecutive Year**

Tokyo, Japan, March 24, 2023 - Mitsui Fudosan Co., Ltd., a leading global real estate company headquartered in Tokyo, announced today that it has been selected by the CDP, an international non-profit organization based in London that performs environmental surveys and disclosure, as a Supplier Engagement Leader, which is the highest ranking in the Supplier Engagement Rating, for the second consecutive year.

The Supplier Engagement Rating is a survey of how companies reduce greenhouse gas emissions, address climate change risks, conduct supplier engagement practices and carry out related activities throughout their supply chains, with the top 8% of all surveyed companies selected as Supplier Engagement Leaders. In December 2022, Mitsui Fudosan was selected for the CDP2022 Climate Change A List. Following on from this recognition, Mitsui Fudosan has once again earned the highest ranking from the CDP.

Seeking to link diverse values, coexist in harmony with society and achieve a sustainable society, as symbolized by the Company's  logo, the Mitsui Fudosan Group works to foster social and economic development as well as global environmental preservation under its “&EARTH” Group vision.

As a part of its efforts to address climate change, Mitsui Fudosan has set medium- to long-term greenhouse gas emissions targets, and in November 2021 it established a concrete, all-encompassing strategy, the Group Action Plan to Realize Decarbonized Society. Mitsui Fudosan believes that its selection as a Supplier Engagement Leader is a recognition of its efforts in these areas. Looking ahead, Mitsui Fudosan will continue working toward realizing a decarbonized society based on its Group Action Plan.

【About the CDP】

The CDP is an international environmental non-profit organization established in the U.K. in 2000 that administers a global environmental disclosure system for corporations and municipalities. Its annual disclosure of environmental information and its evaluation process are widely recognized as the global standard in corporate environmental disclosure.
